from Administration

Administrative recommendations for renewal or proposed nonrenewal of term contracts shall be submitted to the Superintendent. Superintendent's
Recommendation

The Board shall consider such information, as appropriate, in support of recommendations for proposed nonrenewal and shall then act on all recommendations. If the Board votes to propose nonre-

newal for any employees, it shall also decide whether any requested hearing will be conducted by the Board or by an independent hearing examiner.

Notice of Proposed
Nonrenewal

After the Board votes to propose nonrenewal, the Superintendent or designee shall deliver written notice of proposed nonrenewal in accordance with law.

If the notice of proposed nonrenewal does not contain a statement of the reason or all the reasons for the proposed action, and the employee requests a hearing, the District shall give the employee notice of all reasons for the proposed nonrenewal at a reasonable time before the hearing.

The Board has chosen to designate the type of hearing for proposed nonrenewals on a case-by-case basis. **Request for
Appointment of
Hearing Examiner**

If the notice of proposed nonrenewal states that the nonrenewal hearing will be conducted by an independent hearing examiner, the employee may request a hearing by filing a written request with the commissioner, and providing the Board a copy of the request, not later than the 15th day after the date the employee received the notice of proposed nonrenewal.

Hearing Procedures

When a timely request for a hearing on a proposed nonrenewal is received by the presiding officer, the Board shall notify the employee whether the hearing will be conducted by the Board [see Hearing by the Board, below] or an attorney designated by the Board [see Hearing by an Attorney Designated by the Board, below].

In either case, the hearing shall be held not later than the 15th day after receipt of the request, unless the parties mutually agree to a

delay. The employee shall be given notice of the hearing date as soon as it is set.

Unless the employee requests that the hearing be open, the hearing shall be conducted in closed meeting with only the members of the Board, the employee, the Superintendent, their representatives, and such witnesses as may be called in attendance. Witnesses may be excluded from the hearing until called to present evidence. The employee and the administration may choose a representative. Notice, at least five days in advance of the hearing, shall be given by each party intending to be represented, including the name of the representative. 2. The hearing shall begin with the administration's presentation, supported by such proof as it desires to offer.

6. Closing arguments may be made by each party.

A record of the hearing shall be made so that a certified transcript can be prepared, if required.

Board Decision

The Board may consider only evidence presented at the hearing. After all the evidence has been presented, if the Board determines that the reasons given in support of the recommendation to not renew the employee's contract are lawful, supported by the evidence, and not arbitrary or capricious, it shall so notify the employee by a written notice not later than the 15th day after the date on which the hearing is concluded. This notice shall also include the Board's decision on renewal, which decision shall be final.

**Hearing by an

The employee and the administration may choose a representative. Notice, at least five days in advance of the hearing, shall be given by each party intending to be represented, including the name of the representative. Failure to give such notice may result in postponement of the hearing.

The conduct of the hearing shall be under the control of the attorney designated by the Board and shall generally follow the steps listed at Hearing by the Board.

Not later than the 15th day after the completion of the hearing, the attorney shall provide to the Board a record of the hearing and his or her recommendation on renewal.

Prior to the beginning of each semester, each teacher shall provide a copy of the teacher's instructional plan or course syllabus for each class for which the teacher provides instruction.

The teacher shall provide this information to the District administration and parent of each student enrolled in the teacher's class. Additional copies of the instructional plan or course syllabus shall be made available to a parent of a student enrolled upon that parent's request.

District Website

The Superintendent shall develop administrative procedures for the posting of the instructional plans and course syllabi for each class offered in the District on the District's website.

Note: For information related to the accounting of instructional materials, as this term is defined by state law and rule, see CMD.

For information related to the selection process of library materials, see EFB.

The District shall provide instructional materials designed to teach the Texas Essential Knowledge and Skills and further the District's educational mission. Although the Superintendent shall ensure that professional staff select instructional materials in accordance with District policy and administrative regulations, the ultimate authority for determining and approving the curriculum and instructional program of the District lies with the Board.

Objectives

In this policy, "instructional materials" may include textbooks, supplementary resources for classroom use, and any other instructional resources, including electronic resources, used for formal or informal teaching and learning purposes. The primary objectives of instructional materials are to implement, enrich, and support the District's educational program.

Selection

Instructional materials that are textbooks and related supplemental materials, which may include items from the list of resources adopted by the State Board of Education, shall be chosen in accordance with administrative regulations and the objectives above.

The Board shall rely on District professional staff to select and acquire instructional materials that:

1. Enrich and support the curriculum consistent with the general educational goals of the state and District, the aims and objectives of individual schools and specific courses, and the District and campus improvement plans.
2. Are appropriate for the subject area and for the age, ability level, learning styles, interests, and social and emotional development of the students for whom they are selected.
3. Meet high standards for artistic quality, literary style, authenticity, educational significance, factual content, physical format, presentation, readability, and technical quality.
4. Present various sides of controversial issues so that students have an opportunity to develop, under guidance, skills in critical analysis and in making informed judgments in their daily lives. [See also EMB regarding instruction about controversial issues.]
5. Promote literacy.

District professional staff may select additional instructional materials in accordance with administrative regulations and the criteria above.

Administrators, teachers, other District personnel, parents, and community members, as appropriate, may recommend instructional materials for selection. Gifts of instructional materials shall be evaluated according to these criteria and accepted or rejected in accordance with CDC(LOCAL).

Selection of instructional materials is an ongoing process that includes the removal of materials no longer appropriate and the periodic replacement or repair of materials that still have educational value.

Parent Request for Instructional Material Review

The Superintendent shall develop administrative regulations to ensure compliance with state law and rules that a parent or guardian of a District student may request an instructional materials review for a subject area in the grade level in which their student is enrolled on the basis of the following:

1. The material is not aligned with District-adopted materials; or
2. The material does not have the appropriate rigor for the grade level for the subject area in which the instructional material is used.

The regulations shall also address procedures for submitting a parent petition to review instructional materials, the appeal process if a petition for review is denied, criteria for reviewing any appeal, and timelines for each step in the process.

Reconsideration of Instructional Materials

A District employee or a parent or guardian of a District student may request reconsideration of instructional material used in the District's educational program on the basis that the instructional material fails to meet the standards set forth in this policy.

Guiding Principles

The following principles shall guide the Board and staff in responding to a request for reconsideration of instructional materials:

1. A complainant may raise an objection to an instructional material used in a school's educational program, despite the fact that the professional staff selecting the materials were qualified to make the selection, followed the proper procedure, and adhered to the objectives for instructional materials set out in this policy.
2. A parent's ability to exercise control over instruction extends only to his or her own child as set forth in Education Code Chapter 26.

INSTRUCTIONAL RESOURCES
INSTRUCTIONAL MATERIALS

EFA
(LOCAL)

3. Access to a challenged material shall not be restricted during the reconsideration process, except the District may deny access to a child if requested by the child's parent.

The major criterion for the final decision on challenged instructional materials is the appropriateness of the material for its intended educational use. No challenged instructional material shall be removed solely because of the ideas expressed therein.

Informal
Reconsideration

When the District or a campus receives an objection to the appropriateness of an instructional material, the appropriate administrator shall try to resolve the matter informally. The administrator shall explain the selection process and discuss the intended educational purpose for the instructional material. If appropriate, the administrator may offer a concerned parent an alternative instructional material to be used by that parent's child in place of the challenged material.

If the complainant wishes to make a formal challenge, the administrator shall direct the complainant to a copy of the District's form for formal reconsideration of the instructional material.

Formal Request for
Reconsideration

A complainant shall make any formal request to reconsider an instructional material on the form provided by the District and shall submit the completed and signed form to the District's central office. A formal objection to an instructional material must be filed within 15 calendar days of the date the complainant first knew, or with reasonable diligence should have known, of the objection to the instructional material.

*Campus-
Selected
Materials*

Upon receipt of a form objecting to an instructional material selected by campus personnel, the principal shall review the material to determine if it was selected in accordance with this policy and administrative regulations. In reviewing the material, the principal may consider information provided by instructional staff familiar with the material. The principal shall provide a decision in writing to the complainant within 30 school days of receipt of the form objecting to the instructional material.

*District-Selected
Materials*

Upon receipt of a form objecting to an instructional material selected by central office personnel, the Superintendent shall appoint a reconsideration committee.

The reconsideration committee shall include at least one member of the instructional staff who has experience using the challenged material with students or is familiar with the challenged material's content. Other members of the committee may include District-level staff, secondary-level students, parents, and any other appropriate individuals.

All members of the committee shall review the challenged instructional material in its entirety. As soon as reasonably possible, the committee shall meet and determine whether the challenged material conforms to the principles of selection set out in this policy and whether the challenged material will continue to be used in the educational program. The committee shall prepare a written report of its findings. The written report shall be completed and provided to the Superintendent, other appropriate administrators, and the complainant within 30 school days of receipt of the form objecting to an instructional material.

If the District receives multiple objections to the same instructional material, all objections shall be consolidated, and a single reconsideration committee appointed.

The decision of the reconsideration committee shall apply to all campuses of the same level in the District.

*Frequency of
Review*

After an instructional material has been reviewed through formal reconsideration, it shall not be reviewed again until it is evaluated in the periodic local selection process.

Appeal

The complainant may appeal the decision of the reconsideration committee in accordance with appropriate complaint policies, starting at Level Two. [See DGBA, FNG, and GF]

Note: Unless otherwise noted, the terms “video recording,” “video surveillance,” and “video monitoring” shall also include any associated audio recordings. In addition, the term “classroom” shall also include other special education settings subject to video and audio recording required by law.

To promote student safety, the District shall comply with requests for video and audio monitoring of certain ~~self-contained~~ special education classrooms as required by law. Regular or continual monitoring of video recordings of those special education classrooms shall be prohibited. Special education classroom video recordings shall not be used for teacher evaluation or monitoring or for any purpose other than the promotion of student safety.

Before a camera is deactivated, the principal shall provide advance written notice to staff on the campus and to parents of the students assigned to or engaging in school activities in the classroom that video and audio surveillance will be discontinued in the classroom and of the opportunity to request continued video and audio surveillance.

Video cameras must be capable of recording video and audio of all areas of the classroom, including a room attached to the classroom used for time out as defined by law. Guidelines for Grading

The Superintendent or designee shall ensure that each campus or instructional level develops guidelines for teachers to follow in determining grades for students. These guidelines shall ensure that grading reflects a student's relative mastery of an assignment and that a sufficient number of grades are taken to support the grade average assigned. The District shall permit a student who meets the criteria detailed in the grading guidelines a reasonable opportunity to redo an assignment or retake a test for which the student received a failing grade.

As defined by law, a person responsible for the care, custody, or welfare of a child includes school personnel and volunteers and day-care workers. [See FFG(LEGAL)]

An individual does not fulfill his or her responsibilities under the law by only reporting suspicion of abuse or neglect to a campus principal, school counselor, or another District staff member. Furthermore, the District is prohibited from requiring an employee to first report his or her suspicion to a District or campus administrator.

In accordance with law, an individual must provide their name and telephone number when making a report. If the individual making the report is a school employee, agent, or contractor, they must also provide their business address and profession.

At the beginning of the school year and throughout the school year as necessary, the Student Code of Conduct shall be:

1. Posted and prominently displayed at each campus or made available for review in the principal's office, as required by law; and

The Superintendent or designee shall designate appropriate campus administrators to serve as CBCs. Each CBC shall comply with the duties and responsibilities of a CBC defined in state law and District policy.~~

Extracurricular Standards of Behavior

With the approval of the principal and Superintendent, sponsors and coaches of extracurricular activities may develop and enforce standards of behavior that are higher than the District-developed Student Code of Conduct and may condition membership or participation in the activity on adherence to those standards. Extracurricular standards of behavior may take into consideration conduct that occurs at any time, on or off school property.

A student shall be informed of any extracurricular behavior standards at the beginning of each school year or when the student first begins participation in the activity. A student and his or her parent shall sign and return to the sponsor or coach a statement that they have read the extracurricular behavior standards and consent to them as a condition of participation in the activity.

Standards of behavior for an extracurricular activity are independent of the Student Code of Conduct. Violations of these standards of behavior that are also violations of the Student Code of Conduct may result in independent disciplinary actions.

A student may be removed from participation in extracurricular activities or may be excluded from school honors for violation of extracurricular standards of behavior for an activity or for violation of the Student Code of Conduct.

“ Parent” Defined

Throughout the Student Code of Conduct and discipline policies, the term “parent” includes a parent, legal guardian, or other person having lawful control of the child.

Physical Restraint

Note: A District employee may restrain a student with a disability who receives special education services only in accordance with law. [See FOF(LEGAL)]

Within the scope of an employee's duties, a District employee may physically restrain a student if the employee reasonably believes restraint is necessary in order to:
