We love having you as our customer! We appreciate your business and hope we have exceeded your expectations! Just to let you know your contract will expire on June 30, 2022 so I thought I'd take this opportunity to check in to not only send the attached contract renewal for signature but to mention that as a result of our acquisition by AssetWorks last year we now have added value in the way of additional software solutions for electronic signature, student information system, MTSSI (RTI), ESL, and Behavior that can integrate with GoClaim. We are a one stop shop to meet all of your student information management needs! Let me know when we can schedule a call to talk about our products that would be a solution to your district needs.

For your convenience and uninterrupted service our contracts will now auto renew each year making it unnecessary to sign a yearly contract. Please sign and scan the signature page of the contract and return. Once received, we will send you a copy back to you with our signature for your records. Please let me know if you have any questions or concerns regarding this renewal.

Go Solutions looks forward to working with you again for another great school year!

Thank you!
