## Unity School District

### Construction Plans Finalized, Project Begins

- The Unity Board of Education approved the final design of the facilities construction project at a meeting in May with Kraus Anderson and DSGW Architects.
- The site work specifications have been sent out to contractors for bidding. The plan is to complete the parking lot work in late July and early August.
- The construction staging areas in front of the high school will be put into place in late August.
- The plans for the precast wall panels have been released for production. Their spot in the production schedule has been secured for the project.
- The construction specifications for the building additions/renovations are being completed. The specifications will be going out in July for a September start.

### Unity Summer School Returns for More Learning and Fun

The 2016 Summer School Program builds on the success of last summer's program. Enrollment numbers for this summer look to match or exceed last year's numbers, which were absolutely amazing with nearly 600 enrolled. Luck and Unity, working collaboratively, provide the area's most rigorous and creative summer school programming. This year's program has the two neighboring districts combining to provide an exemplary learning program for students. The courses offered are geared toward students' interests while providing a project based approach to learning.

Families and students who are interested in registering for the course offerings at the elementary, middle, and high schools are encouraged to contact their child's office. Brochures have been sent home with students, outlining the different classes and the summer schedule. There are multiple sessions to fit into any busy family's summer schedule.

## Professional Development Efforts

Unity School District is committed to providing quality professional development and training opportunities for its staff. Initiatives such as the Response to Intervention (RtI) Model planning, Positive Behavior Interventions and Supports (PBIS), Educator Effectiveness Program, career and technical education, accelerated learning, successful transitions planning, and technology integration are at the center of the District's goals and efforts for the school year.

Upcoming Efforts:

- August 15-18 - Summer Academy
- August 24 - Fall In-Service

UPDATED!

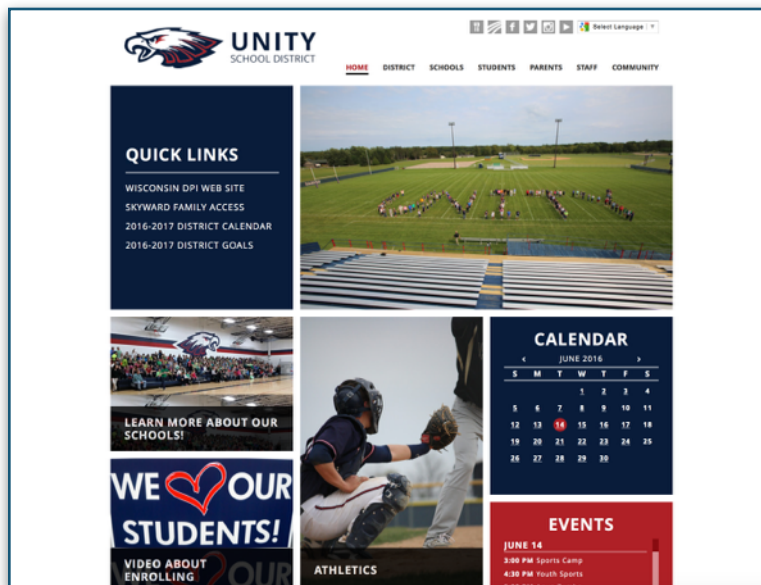

## 2016-2017 School District Goals

(Approved by the Unity Board of Education, 4-16)

- 1. Focus on school improvement, staff collaboration, student achievement, and educator practices.
- 2. Encourage career, college, and technical readiness through business and school partnerships.
- 3. Promote and provide flexible accelerated, personalized learning opportunities for students.
- 4. Encourage healthy students, staff, and community.

## Website Changes Unveiled, Facebook Updates
