Re: Approval of change Order #2 Technology Bid

I would like to request adding the Technology Bid #2 Change Order as an agenda item for the March 16, 2026, Committee of the Whole meeting.

## **Background**

Moss Audio Corporation was awarded the technology scope for the 2026 Bond renovation projects through a publicly issued Request for Proposals (RFP) last year. Their original bid established the unit pricing for all technology-related components included in that scope.

Moss Audio has agreed to honor the previously approved unit pricing. Because the pricing remains consistent with the original competitive RFP, the district is able to issue a Change Order (CO) for this additional work rather than issuing a new RFP. This same approach was used successfully in the past with AmComm and has been reviewed and approved by district legal counsel.

## **Recommendation**

It is recommended that the Board approve the Technology Bid #2 Change Order in the new sum amount of \$249,653.67, with Moss Audio Corporation under the same terms and unit pricing established in the original RFP award.

Please add this item to the March 16, 2026, Committee of the Whole agenda.
