Public Access to School Facilities

The Board expects that during regular school hours only students and school staff need to be present in the school building. The Board also acknowledges that there will be times during the instructional day that members of the public, including parents, volunteers, invited guests, or other individuals will for appropriate and legitimate reasons require entry into a school facility. In such cases, all exterior doors to every school building shall be locked during the instructional day.

preventing entry into the building and all visitors to the school building during this time will be directed to a single entrance into the building. This entrance shall be the entrance closest to the main office. Visitors must identify themselves and the purpose of their visit to the school through the intercom system.

An exception will be allowed for school buildings hosting special events during the school day, where there is an expectation of a large number of visitors. In this case, Administrators may develop and implement a process to allow those visitors to enter and check in through an alternative entrance.

A. All persons other than students and building staff shall check in with the main office of the building and shall follow the building's visitor management procedures. Each visitor shall be given a visitor lanyard and badge that shall be worn at all times while in the building.

B. If the main office staff is unaware that the visitor was assisting in their school today, the main office may contact the staff member to verify that the visitor is expected.

C. All visitors are required to sign out prior to departing the building.

Any visitor to the school may be refused entry or asked to leave the building at any time if the building administrator or designee determines that the visitor's presence is disruptive or is likely to become disruptive to the educational environment, or for other safety or security reasons. If a visitor refused to leave upon request by the building administrator or designee, the administrator or designee shall contact the school resource officer if applicable or local law enforcement as appropriate.

Any school staff member that witnesses a visitor in the school building who is not wearing a visitor lanyard and badge as required shall approach the visitor and request that they accompany them to the main office so they properly check in. If the visitor refuses to comply, immediately contact the main office and if applicable call the appropriate law enforcement agency to assist.

Parents or Guardians as Visitors

The Board encourages parental involvement in the education of students in the District. For this reason, it is important to facilitate the involvement of parents in school activities and the educational process while at the same time preserving the integrity of the educational environment for all students. As a balance, the Board adopts the following requirements for parents visiting the school during the instructional day:

A. Parents should make arrangements with their child's teacher or with the building administrator in advance of visiting their child at school unless that is not possible.

Parents who do not follow these guidelines or whose presence is disruptive to the educational environment may be asked to leave the building by the building administrator or designee. Any decision to permanently expel a parent may only be made by the Superintendent, or designee, due to repeated failure to follow rules causing a disruption to the educational environment or for overt threats of harm or actual physical contact with any staff or student.
