

## Glendale Colony Report – December 2017

We had a 97.9 percent attendance rate in November. We had 100 percent attendance of the parents at the parent teacher conferences.

The rangers talked to us about birds, their habitats and food. The counselor is talking to us about innovations.

We had a trip to Cut Bank to receive flu shots, go bowling, eat at Subway and go to the library to celebrate the students doing well on their smarter balance tests last year.
