## Updates

- The gun legislation (HB 415) will be introduced in Senate State Affairs on Friday, March 8<sup>th</sup>. I will provide an update at Monday's school board meeting. There have been some changes to the original bill on the Senate side before this introduction.
- The facility legislation (HB 521) has passed the House and has been passed out of the Senate Local Government and Taxation Committee with a Do Pass recommendation in the Senate. It will pass and become law. We need the State Board of Education to allow flexibility so we can continue on with a 4-day school week.
- The legislature is still targeting wrapping up the session before the end of the month since it is an election year. They still have a lot to cover related to school funding.
- We want to thank our bus drivers, food service, school building staff, and parents in how they navigated the situation near the elementary on Thursday, February 29<sup>th</sup>. It was not ideal, but we definitely understand the circumstances and the importance of the situation.
