

Charles Leask Middle School Board Report

December 2021

Attendance

We have less than 50% attendance for the week.

Student of the Month

The word for the month is Courageous-We have not yet nominated students from last month.

Take Over Day

In the whirlwind of getting to winter break we hosted our 1st Take Over Day since 2019! We started the day dancing and singing together. Listening to our keynote speaker Chad Bentz and then headed into our sessions. Chad spoke about not letting people's comments or speculations dictate your future. Set a goal and get to work. With an emphasis on what it means to 'put in the work'. He also shared his favorite phrase. "Get comfortable with being Uncomfortable!" Throughout his speaking he briefly made a comment about his family and one of our middle schoolers Ashlynn Leask went out of her way in her beading session and made his wife a pair of earrings. Middle Schoolers had the opportunity to design the middle school ceilings with Ms Parise, got involved in the community garden with Gatgeyda Haayk & Mrs Blair, Wooden String design signs with Mrs Cook, Candle making with Mrs Shauna Martinez, Computer coding and Game programming with Mr Joe Lewis & Mrs Porter, Tying flies with Mr Henry, Beading with Mrs Christina Martinez & Schooland, Introduction to Diving and Boat tour with Mr McCarty, Mr Lindsey, Brad Martinez, Mr Byers , Mr Scott & Clifton Guthrie

iReady

We are preparing for our iReady diagnostic. We had planned on administering January 6th & 7th, but with so many kids absent, we will wait until our attendance is back up.

Data

Verbal presentation of MAP data

AI SD MISSION STATEMENT

Sagayt k'uulm goot (All of One Heart) pulling together to foster compassionate, resilient, culturally empowered and mindful citizens while promoting high academic expectations to ensure success within a changing world.

AT CLMS WE BELIEVE...

students' should read, write and speak in every class, every day to increase supportive rigor.

students' should have access to a stimulating environment where the arts and technology help drive instruction.

relationships are essential to positive, productive struggle.

a joy for learning should be visible every day.
