

Brackett Educational Academy

Student Population:

- 18 students are enrolled in Brackett Educational Academy with one student on Homebound until April 2006
- 41.5 cumulative credits have been earned with an anticipated 10 more this month. Two students are preparing to graduate by mid-March.
- DAEP – 1 Junior High Student

Student of the Month:

Abel Talamantes is our Student of the Six Weeks. We want to recognize him for:

- Strong Work Ethic and determination to complete courses for graduation.
- Character Development
- Adaptation skills

School News:

The December party for our support staff, and administrators was a success. Students cooked and served. Hot dogs, chili, all the “fixins”, and dessert were served. Also, a new Bar-b-que grill was purchased for our “Gathering” spot. The money was earned with a fundraiser ...the students designed and made “read-beads”, and sold them.

Project Outdoor Gathering

Our next project is to landscape a small portion of the area, and to arrange for a small area for basketball (not grass , but a smooth surface)

Arts at the Academy

Our newest project is with pastels. Line, color, texture, form, composition.

Tutoring

Three days per week a TAKS remediation class is being held for ELA , which will be taken in February. Also, each student who still has tests to master, has been given a prescriptive study book. We are tutoring them individually on their target areas.

Respectfully submitted,

Elizabeth Hodges, Director, Brackett Educational Academy
