

AR 1150 COMMENDATIONS AND AWARDS

In 2017, members of the district staff and administration met and developed a staff recognition program to honor all employees and specific gifts to recognize new employees, the years of service by staff (classified and certified), and a special recognition for long time employees as they retire. The plan was to make this a district effort and to celebrate contributions the individuals have made to our students, families, community, and colleagues. While we wish we could do more, the commitment was formalized to ensure that the program was sustainable and the recognition would continue throughout the careers of employees. This plan was submitted to the Board for their approval and was approved at their meeting on June 28, 2017.

Each fall all employees will receive a panther keychain or lanyard/ water bottle/ coffee mug. Some token of appreciation at our opening in-service.

New Employees

Each year, new employees will be presented with a sweatshirt or other panther wear item. New Board Members would be presented with a similar item at a regular Board Meeting.

Years of Service Awards for Staff, to be presented at August in-service. We believe the following awards are appropriate:
