Federal COVID-19 Relief Package

In the past few weeks Congress has passed 3 major bills to appropriate supplemental emergency funding. The third emergency bill: Coronavirus Aid, Relief, and Economic Security Act (CARES Act) (H.R.748) includes stabilization funding for school districts. Our understanding is that the monies intended to flow through to school districts will be done utilizing the Title I-A funding formula. Based on the information we have received so far we are estimating an approximate apportionment of 81% of this year's Title-A allocation. I will continue to monitor this situation as the State Department is seeking additional guidance from the Federal level.

No Kid Hungry Grant

We have applied for a grant that would help provide additional funding for staffing and transportation to provide meals during this time. The application is in the review process and we hope to hear within the next couple weeks if we will be awarded the funding.
