

BELLVILLE INDEPENDENT SCHOOL DISTRICT

Meeting of the BISD Board of Trustees

AUGUST 22, 2019

Subject:	Security Camera Replacement Purchase
Presenter:	Tiffany Sootoo
Board Policy:	
BISD Goal:	1. Develop and attain local standards for high levels of integrated learning and performance. [LEARNING] 2. Foster a connected, collaborative, and strategic approach to continuous improvement for the district. [LEADERSHIP] 3. Create a culture that attracts, develops, and retains exceptional individuals to be part of our district and community. [HUMAN CAPITAL] 4. Cultivate connections in our schools and community to ensure all feel safe, valued, and engaged in meaningful ways. [COMMUNITY]

Summary:	Current security cameras on route buses are 10 years old and can no longer receive software updates or find repair parts. See Tiffany Sootoo's recommendation attached
Attachments:	▪ Transportation Director Recommendation ▪ Safety Vision Proposal ▪
Recommendation:	The recommendation is for the Board to: Approved purchase of Safety Vision Cameras for Route Buses.

BELLVILLE INDEPENDENT SCHOOL DISTRICT **Meeting of the BISD Board of Trustees**

Subject: Replacement Security Cameras on Route Buses

To: Bellville ISD Board of Trustees

It is my recommendation to replace the camera system on all of our Buses. The SEON camera system we currently have is over 10 years old and can not be updated. I struggle to get the videos to play or Share with the campus. I have had the SEON Rep out for guidance in this matter. The rep stated the system is too old and needs replacement. My recommendation is to replace the route bus cameras only at this time because they are the cameras I pull video from the most. I also recommend we use a system that is local and on a Purchasing Cooperation to purchase this equipment so that if we have any issues they will be able to better assist us in a timely manner. Safety Vision has given us a quote that has the Cooperation discount as well as an additional discount for the 20 buses. This will include 5 cameras for each bus. These wide screen cameras will be strategically placed on our buses to not only see the tops of the seats but down into the seats for better view. This system also includes a front camera that looks out the windshield for better view of drivers and student crossing safety. Attached is the quote and the Safety Vision pamphlet. You will find on page 6 the layout of the camera system on a big bus. The only camera we will not have is that back camera, though it is a nice camera to have, it is not a necessity. With school being out and the fuel money saved I will be able to buy these out of the 2019-2020 Transportation allotted budget. Thank you for your time in this matter.
