UNIVERSITY OF ALASKA'S SCHOLAR AWARD

Revise this section to read as follows:

Calculation of grade point average (GPA) will occur at the end of the junior year for the purpose of determining the recipients of the UA Scholar's Award (top 10% of class) and will be based on the same grades as listed for valedictorian/salutatorian. The Lead Teacher is responsible for submitting names at the end of the junior year, and for submitting any changes for the scholarship at the beginning of the senior year. The determination for this award is based on the following criteria:

1. Highest overall GPA at the end of junior year
2. Lowest number of repeated courses
3. Highest score on the SAT or ACT or Work Keys Tests (Must compare like tests)
4. Total Credits Earned
5. Honors and College Dual Credit Courses (highest number of these)
6. Service Learning and Community Service

The determination is made by starting at the first criterion. The next criterion is only evaluated if there is a tie or conflict on the preceding criterion. UA Scholar is the student who ranks 1st using this method. Only juniors on track to graduate on time will be submitted. A student requesting early graduation will not displace a senior graduating on time.

HIGH SCHOOL GRADUATION

Add the following subsection to this section:

VALEDICTORIAN/SALUTATORIAN

Determination of valedictorian and salutatorian are made based on the following criteria:

1. Highest overall GPA at the end of third quarter of the student's senior year
2. Lowest number of repeated courses
3. Highest score on the SAT or ACT or Work Keys Tests (Must compare like tests)
4. Total Credits Earned
5. Honors and College Dual Credit Courses (highest number of these)
6. Service Learning and Community Service

The determination is made by starting at the first criterion. The next criterion is only evaluated if there is a tie or conflict on the preceding criterion. Valedictorian is the student who ranks 1st using this method. Salutatorian is the student who ranks 2nd using this method.
