

BB 9271 (a) CODE OF ETHICS

Note: By adopting a code of ethics, the School Board expresses the intention that its members will hold themselves to the highest standard of ethical conduct. The following optional bylaw may be revised as desired.

This code of ethics expresses the personal ideals, which the School Board believes should guide each school Board Member's activities.

In all actions as a school Board Member, the Member's first commitment is to the well-being of our youth. Their primary responsibility is to every student in the District.

Board Members also have other major commitments to:

1. **The Community.** Each Board Member is responsible to all residents of the District and not solely to those who elected them; nor solely to any organization to which they may belong, or which may have supported their election.
2. **Individuals.** Each Board Member has a direct concern for every individual in the community. As an integral part of their duties, he/she represents the authority and responsibility of government. This authority must be exercised with as much care and concern for the least influential as for the most influential member of the community.
3. **Employees.** The Board Member's actions may affect the capability of District employees to practice their trade or profession and should encourage their increasing competence and professional growth.
4. **Laws, Policies.** Each Board Member must be aware of, and comply with, the constitutions of State and Nation, the Alaska Education Statutes, other laws pertaining to public education, and the established policies of the District.
5. **Decision-making.** Each Board Member is obliged by law to participate in decisions pertaining to education in the District. As an elected representative of the people, the Board Member can neither relinquish nor delegate this responsibility to any other individual or group.
6. **Individual Feelings and Philosophy.** Every individual Board Member has something to contribute to society.

Understanding and acting upon the foregoing premises, each Board Member shall:

1. Consider their position on the Board as a public trust and not use it for private advantage or personal gain.
2. Be constantly aware that they have no legal authority except when acting as a Member of the Board. Board Members shall present their concerns and concepts through the process of Board debate. If in the minority of any decision, they shall abide by and support the majority decision. When in the majority, they shall respect divergent opinions.
3. Encourage ideas and opinions from the residents of the District and endeavor to incorporate community views into the deliberations and decisions of the Board.
4. Devote sufficient time, thought, and study to proposed actions so as to be able to base decisions upon all available facts and vote in accordance with honest convictions, unswayed by partisan bias of any kind.
5. Remember that the basic functions of the Board are to establish the policies by which District schools are administered and to select the Superintendent and staff who will implement those policies.
6. Promote and participate actively in a concerted program of timely exchange of information with all District residents, parents, employees and students.

BB 9271 (b) CODE OF ETHICS

7. Recognize that the deliberations of the Board in executive session may be released or discussed in public only with Board approval and as allowable by law.
8. Make use of opportunities to enlarge their potential as a Board Member through participation in educational conferences, workshops, and training sessions made available by local, state, and national agencies.
