**Social Studies Curriculum Adoption:** The social studies curriculum committee will meet on February 10th to review the curriculum samples we have received and discuss which curriculum we would like demonstrations provided to the committee.

**Superintendent Evaluation:** This is a reminder that you will need to work on my evaluation in the near future.

**Evaluation of Administrators:** The administrators will complete reflection documents for the evaluation process by February 1.

I will then review that document and other evidence to complete the evaluation process by the end of February. We are using the evaluation tool recommended by the Illinois Principals Association.

**Professional Development Planning:** The administrators and I wanted to provide some professional development to all staff regarding classroom management. We are going to have two presenters come speak to first and second year teachers on August 6th to present Teacher Boot Camp and then return on September 30th for the whole staff to hear a similar presentation.
