Board Salute

Mary Donnellan - Turner Elementary School

Submitted by: Megan Czach, parent

Mary Donnellan is a second grade teacher at Turner. Ms. Donnellan is the perfect example of once your child is her student, they always are. Ms. Donnellan had my oldest for second and even though he has moved on from her classroom, she checks in on him, shares resources to help his educational journey and overall cares about him and his wellbeing along with all her current and former students.

For always being there for any student and being such an amazing and caring teacher, I believe Mary deserves a Board Salute.
