Dear Dr. Veitenheimer:

Every association relies on the collective strength of its members to succeed. The Texas Association of School Boards (TASB) is blessed to represent an incredible group of education leaders who truly care about their schools and communities. And while we realize that districts today face many challenges, our united voice for public education will keep the focus on what is best for our childrens' future.

Service to local schools and the millions of students in their care is the cornerstone of all Association activities, and I want to express my sincere appreciation for your districts' continued commitment to TASB. With the start of the regular legislative session, your vigilance will never be more crucial.

Serving as advocates for our members is TASBs' number-one priority. With your boards' involvement and participation in TASB, we can be most effective in achieving our goals. To that end, we hope you will renew your membership in TASB for 2005.

In 2004, your district participated in the following TASB programs:

BoardBook
Legal Assistance Fund
Policy On Line
Property Appraisal

Human Resource Services
Lone Star Investment Pool
Policy Service
School Board Advocacy Network

Enclosed is a brochure detailing the Association's major programs and services, along with your district's invoice for TASB annual dues. If you need more information about any of these programs, visit our Web Site at www.tasb.org, or call Mary Ann Briley at 800-580-8272, extension 3594. The December *Texas Lone Star* will also feature highlights of the years' activities.

Working together, we can champion the goal of excellence for students on every campus across this great state. On behalf of the TASB Board and staff, I extend my best wishes for the coming new year and thank you for your steadfast dedication to our public schools.

Sincerely,
