April 2026

Dear Umatilla School Board Members,

Session 4 kicked off on Monday, April 6, and we're off to a great start! Energy is high and it's been great seeing students jump back into their routines and activities.

The NAA Conference was incredibly inspiring—our team came back with lots of new strategies and fresh programming ideas that we're excited to start incorporating into our after-school offerings.

Our FRC teams have had an impressive season and have earned spots at the PNW competition in Cheney, WA. They've represented us well all season long, and we're proud of their hard work and dedication.

Soccer is also getting underway, with the first game scheduled for April 25th. We're looking forward to a fun and active season!

Sincerely,

Stephanie Williams-Strege
