## **PRESSPlus Comments**

PRESSPlus 1. Updated for continuous improvement to more closely align with the Comprehensive Health Education Program (CHEP)105 ILCS 110/3. **Issue 117, October 2024**

PRESSPlus 2. Updated in response to CHEP, 105 ILCS 110/3(e), amended by P.A. 103-810. **Issue 117, October 2024**

PRESSPlus 3. 105 ILCS 5/10-20.84(a), added by P.A. 102-917 and renumbered by P.A. 103-154. Unless a board has opted out, career exploration and career development activities in grades 6-12 must be implemented by 7-1-25 in accordance with the model framework adopted by State agencies known as the PaCE Framework. See [www.isac.org/pace/il-pace-resource-materials.html](http://www.isac.org/pace/il-pace-resource-materials.html) for the middle school and high school frameworks and additional implementation resources.

To fully or partially opt out of career exploration and career development activities under 105 ILCS 5/10-20.84(d), a board must adopt a set of findings that considers the following: (1) the district's current systems for college and career readiness; (2) the district's cost of implementation balanced against the potential benefits to students and families through improved postsecondary education and career outcomes; (3) the willingness and capacity of local businesses to partner with the district for successful implementation of pathways other than education; (4) the willingness of institutions of higher education to partner with the district for successful implementation of the pathway and whether the district has sought and established a partnership agreement with a community college district incorporating provisions of the Model Partnership Agreement under the Dual Credit Quality Act (110 ILCS 27/) (see [www.isbe.net/Documents/DCQA-Model-Partnership-Agreement-Form.pdf](http://www.isbe.net/Documents/DCQA-Model-Partnership-Agreement-Form.pdf)); (5) the availability of a statewide database of participating local business partners, as provided under the Postsecondary and Workforce Readiness Act (110 ILCS 148/), for the purpose of career readiness and the accessibility of those work experiences and apprenticeships listed in the database to district students (see the link to the Work-based Learning Database at [www.isbe.net/cte](http://www.isbe.net/cte)); and (6) the availability of properly licensed teachers or teachers meeting faculty credential standards for dual credit courses to instruct in the program required for the endorsement areas. 105 ILCS 5/10-20.84(d) (1)-(6), added by P.A. 102-917 and renumbered by P.A. 103-154. A board opting out must report its findings and decision to ISBE. A board may also reverse its decision regarding implementation in whole or in part at any time.

In practice, unless a district has created its own career exploration and career development activities framework that does not align with the PaCE Framework, a board is unlikely to opt out of the PaCE Framework under 105 ILCS 5/10-20.84(a) and still implement College and Career Pathway Endorsements under 105 ILS 5/10-20.84(c) (CCPE) because career exploration activities are a prerequisite to award of the endorsements. 23 Ill.Admin.Code §258.20.

Delete this sentence if the board has fully opted out of implementation of career exploration and career development activities under 105 ILCS 5/10-20.84(d), added by P.A. 102-917 and renumbered by P.A. 103-154. Regarding partial opt-out from this requirement, the law does not address the types of partial opt-out(s) available. As of the date of the publication of **PRESS** Issue 117 (October 2024), ISBE had not issued any rulemaking or guidance on this topic or any details regarding reporting of a full or partial opt-out to ISBE, other than to indicate to IASB that districts can submit their decision to [CTE@isbe.net](mailto:CTE@isbe.net). Boards interested in opting out from this requirement should consult the Board attorney and check for any further guidance that may be issued by ISBE. **Issue 117, October 2024**

PRESSPlus 4. Updated in response to 105 ILCS 5/27-13.1, amended by P.A. 103-837, eff. 7-1-25; 23 Ill.Admin.Code §1.420(l). Instruction on the conservation of natural resources must include, but is not limited to, air pollution, water pollution, waste reduction and recycling, the effect of excessive use of pesticides, preservation of wilderness areas, forest management, protection of wildlife, and humane care of animals. Instruction on climate change must include, but is not limited to, identifying the environmental and ecological impacts of climate change on individuals and communities and evaluating solutions for addressing and mitigating the impact of climate change. Instruction on climate change must align with State learning standards, as appropriate and subject to funding, and ISBE is required to make instructional resources and professional development learning opportunities available for educators. **Issue 117, October 2024**
