Tuesday November 3 2020

Dear School Board and Superintendent Guardipee-Hall;

Here at colonies we finally have our students on complete online scheduling. The colony German teacher is assisting in the school during class hours. We have also been able to set up google meets with the speech pathologist who works with one of our students. So all is going well. Attendance at the colonies is 100% except for the occasional Dr appointment. Students' work is completed and turned in with 100% completion rate. Big Sky colony is currently looking for another teacher to assist Ms. Light with her 28 students K-8. Mr.Black is going to be calling for a substitute teacher or a long term substitute if a teacher can not be hired. First quarter is over and teachers are working on report cards and getting ready for parent teacher conferences.

The playground has been completed at the Glendale Colony and the students are enjoying it tremendously. Thanks to everyone who made this project possible. The adults have been busying themselves with the fall butchering of turkeys last week and pigs this week. The shipping of calves took place at the beginning of the month. It is always a busy time here at the colonies.

“Alone we can do so little; together we can do so much.”- Helen Keller

Thank You,

Mr.Black Principal
