DATE PREVIOUSLY SUBMITTED: N/A

SUMMARY:

Approval is requested to delegate authority to the Chancellor to approve transfers of non-formula state funding between University of Houston and System Administration to align funding with effort when appropriate. The General Appropriations Act, Special Provisions Relating Only to State Agencies of Higher Education, Section 4.1 allows appropriation transfers among academic component institutions and their associated system administration with the approval of the respective governing board.

Transfers are requested for the 2026-2027 Biennium non-formula appropriation for Katy expansion from System Administration to the University of Houston, and for future appropriations that may require realignment of funding between these two System agencies. All academic programs that will be offered at Katy will be provided by University of Houston faculty and supported by staff of the University of Houston.
