# BSD's Equity Lens

## Beaverton School District **EQUITY LENS**

In order to break the predictive link between student demographics and student success, we must apply the principle of equity to all aspects of our schools/departments.

## **EQUITY**

In Beaverton, we aspire to have the following 5P's:

### **Partnership**

elevates multiple perspectives from historically underserved communities

### **People**

reflect the diversity of our student body

### **Place**

is safe, inclusive and affirming for historically underserved students and their families

### **Policy**

articulates a vision for equity

### **Practice**

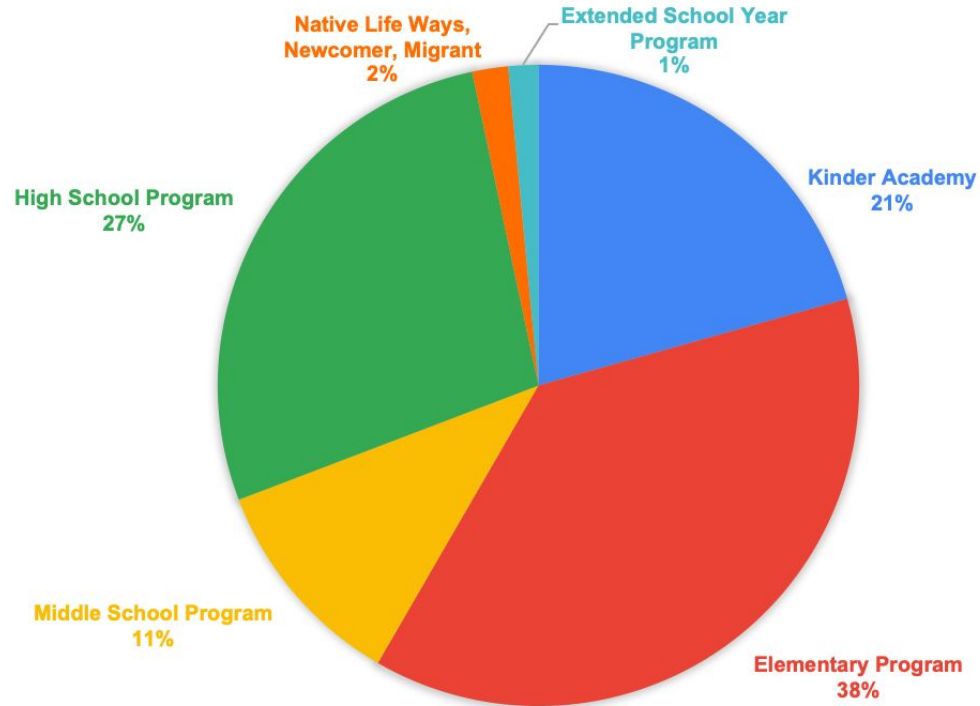

eliminates gaps in access, opportunity, and expectation

1. Whose **voice** is and isn't represented in this decision?
2. Who does this decision **benefit** or **burden**?
3. Is this decision in alignment with the **BSD Equity Policy**?
4. Does this decision **close** or **widen** the access, opportunity, and expectation gaps?
