

**School Board Meeting/Workshop:**

**June 11, 2018**

**Subject:**

QComp Annual Report

**Presenters:**

**Pam Miller, Director of  
Teaching & Learning and  
Jason Karn, PPD Coordinator**

---

**SUGGESTED SCHOOL BOARD ACTION:**

Report only. No action required.

**DESCRIPTION:**

One requirement of the state's QComp program is to complete an annual evaluation of the local program and to report those findings to MDE. The BHM Program for Professional Development (PPD) Advisory Committee provided guidance to Jason Karn, PPD Coordinator, along with the PPD Coaches to complete a program evaluation this spring. All licensed staff were invited to provide feedback through an online survey. Select sites also participated in some interviews designed to gather additional feedback related to all aspects of the PPD program, such as goal writing, coaching, and participating in professional learning communities.

Once reviewed by the school board, the annual report will be submitted to MDE. There is no requirement for board approval.
