1. Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

On February 26, 2010, TRSD received a charter school application from the Sunny Wolf Charter School committee. We have 15 business days to review the application and make sure we are satisfied it is complete. Once we notify SWCS that it is, the district has 60 days to hold a public hearing and then 30 days after that to approve/deny.

I am recommending having a public hearing/special meeting in early April and then put it to a vote at the regular April 19th board meeting.

2. Provide history/background information on your proposal.

When Wolf Creek Elementary was closed last spring, a committee of parents and community members formed to develop this charter school proposal. After receiving an incentive grant from ODE, they contracted with an organization, Charter Starters for assistance with the application.

3. List the advantages of your proposal.

Potential advantages include the productive use of WC School, positive community relationships, providing families with options other than our regular public school programs.

4. List possible disadvantages of your proposal.

Depending on the total enrollment, approval could have budgetary impact on TRSD due to the fact that a large portion of TRSD's ADM allotments for charter students would go to SWCS instead of district.

5. List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

N/A
