

SUMMER SCHOOL

RULES & REGULATIONS

All Bristol Public School rules apply during the Summer School session. Summer School students are prohibited from smoking on school property and from wearing hats in the building. Violation of any school rules will result in consequences up to and including withdrawal from school without refund or credit. Any suspensions from summer school will count as an absence. Serious violations, such as fighting, theft, vandalism, or the use of alcohol or drugs may result in immediate withdrawal as well as police referral. All students must enter and exit the building through the gym entrance.

Attendance Policy

Students who receive more than two absences may be removed from the class. Tardiness will also impact your enrollment in a class. Every three tardies will result in one absence. Tardiness to class of more than 15 minutes will be considered an absence. Remember, you're completing a one year course in five weeks, so attendance is very important.

To Receive a Passing Grade, Students Must

- ◊ Meet the attendance policy.
- ◊ Receive a passing grade, defined as 65 or higher. The summer school grade consists of 20% assessment and 80% course work.
- ◊ The summer school grade is not averaged with the final course grade for the full year course.

I have read and reviewed the rules and regulations for summer school and agree to follow all of them.

Course Descriptions

Middle School Math

Grade 6 Time: 8:00am-9:15am

The emphasis for students is placed on improving computational skills with decimals, fractions, ratios, proportions, percent's, and integers. Concepts in geometry/measurement and statistics/probability are taught.

Grade 7 Time: 10:40am-11:55pm

The emphasis for students is placed on improving computational skills with integers, exponents, fractions, proportions and percent's. Algebraic reasoning skills, geometry and measurement, and statistics and probability are also taught.

Grade 8 Time: 9:20am-10:35am

The emphasis for students is placed on improving algebraic reasoning skills, computational skills with real numbers and exponents, geometry/measurement, statistics/probability, patterns/functions and proportion and percent.

Middle School

Science and Social Studies

Students will use Edgenuity, an online computer program to guide themselves through the science and social studies curriculum. A technology teacher will lead students through these online courses every day from 8-12:30. Students must attend everyday for 1 hour until they complete the course and material. A student may drop in anytime between 8-12:30 M-F to complete the required daily hour.

Language Arts

Grade 6 9:20am-10:35am

Students will explore several texts as they develop strategies to improve their ability and desire to read and write.

Grade 7 8:00am-9:15am

Students will explore several texts as they develop strategies to improve their ability and desire to read and write.

Grade 8 10:40am-11:55pm

Students will explore several texts as they develop strategies to improve their ability and desire to read and write.

Middle School

Extended Resource

Grade 6-8 12:00pm-12:35pm

During this time at the end of each day, both the language arts teacher and math teacher will be available to provide support for students in need of extra help and time will also be available for students who need to make up any missing work or assessments.

***If a student has a period of time in between two classes, there will be a supervised study hall room available for students to work on assignments or study for upcoming assessments.**
