CURRENT PROGRESS:

- Attendance concerns continue as different students and staff fall ill or must stay home with ill family members.
 - staff continue to work on strategies and scheduling time to help individual students make up time and work
- PLC Teams have begun targeting intentional goals beyond navigating the new curriculum resources, incorporating relevant professional development goals that align with our building and district initiatives.
 - Re-evaluating essential standards(skills) required for each course or grade level (new math standards)
 - Identifying core literacy skills relevant in all contents
 - introducing and utilizing academic vocabulary
 - reading and writing instructional strategies to focus coaching on through the 22-23 school year
 - Better incorporating Forward and ACT practice within the core content areas as common language & practice
 - targeting individual student data conversations to improve the culture around testing as a whole
 - Accessing and utilizing relevant resources from our area CESA consortiums and state DPI library
 - content specific frameworks and best practices
 - content specific professional organizations
 - effectively utilizing the DPI WISElearn resource library (*WI standards aligned & approved*)
- Re-designing the spring assessment schedule to support best practices and encourage building a more positive and relevant culture around testing (*Forward, ACT and ACT Aspire*)
- Master Scheduling for the 2022-2023 school year has begun.
 - exploring different bell schedules at the MS & HS levels
 - re-evaluating the most efficient schedule for shared staff between the elementary and 6-12 buildings
