Teacher Tip of the Month

by: Jen Whicker, KLC Contact Teacher

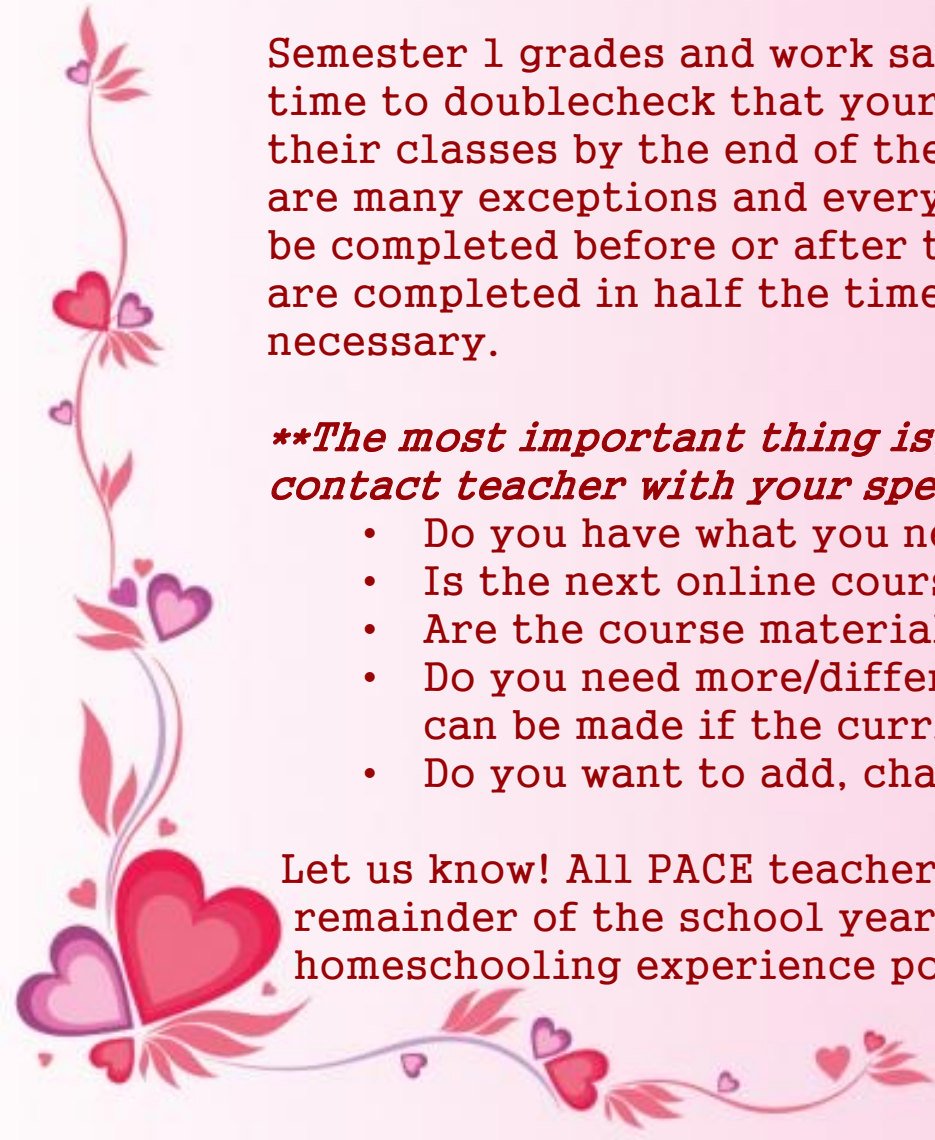

We've reached the halfway point of the 2021-2022 School Year!

Semester 1 grades and work samples were just due, so now is a good time to doublecheck that your student(s) is on track to finish all of their classes by the end of the school year. Keep in mind that there are many exceptions and every student has a unique plan. Classes can be completed before or after the semester, sometimes yearlong courses are completed in half the time and sometimes extensions are necessary.

*****The most important thing is regular communication with your contact teacher with your specific situation.***

- Do you have what you need?
- Is the next online course ordered?
- Are the course materials half way done?
- Do you need more/different materials? (Most of the time changes can be made if the curriculum is not fitting your child's needs.)
- Do you want to add, change or withdraw from a class?

Let us know! All PACE teachers are hoping it's smooth sailing for the remainder of the school year. We are here to help you have the best homeschooling experience possible.
