BACKGROUND INFORMATION

At the August 3, 2015 school board meeting the Board of Trustees approved revisions to the District's *Deterrent To Illegal Drug and Alcohol Use Policy Handbook*. (This policy is for students in grades 7-12 who participate in extracurricular activities.) This summer it was discovered that the District's FNF(LOCAL) policy did not reflect those changes. The administration contacted TASB who drafted and amended the FNF(LOCAL) policy to reflect those approved revisions. TASB also updated other areas of the policy to reflect our current practice.

ADMINISTRATION CONSIDERATION

The attachment is a draft of the amended FNF(LOCAL) policy as written by TASB to reflect the board approved changes as well as other necessary changes.

RECOMMENDATION

The administration recommends that the Board of Trustees adopt the recommended FNF(LOCAL) policy as presented.
