Comments for the Board of Trustees

This would definitely boost work moral. Save money. So many positives.

thank you

I would prefer a 4-day week.

The four-day calendar will be a fantastic asset to the school district.

Wooo Hooooo

I have heard many positive things about a four day week from people who are currently going through it. The idea sure sounds nice.

I thibk a 4 day work week could really benefit kids who struggle at school.

Thank you for letting this be a possible incentive option.

I think it would be good for everyone

na

I believe this will benefit students and staff alike

Please consider moving STAAR testing to the second week of the window to allow an extra week of instruction and prep for the STAAR grades/subjects.

Please do this.

I am hopeful for a 4 day school week.

As a mom and teacher, the 4 day week would really help me reset and have more time to get things done on the weekend while still getting time with my kids!
Numerous studies have shown the benefits of a 4-day week for both students and staff members. If SFISD is supposed to be a district of innovation, why are we following the footsteps of those who work "just good enough"

I think the 4 day week would be beneficial to everybody.

Implementing a four-day school week could greatly benefit students who face challenges in the traditional schedule. Many students experience significant fatigue, and a shorter week could provide them with additional rest,

I will be moving to Perryton, but the 4 day week almost makes me want to drive back to Fritch to teach every day.

The possibility of a 4-day week is very exciting!

Thank you for all that you do!

I'm excited to try the 4-day!!

I think the 4 day week is worth a shot. We can always go back to 5 day next year. We will never know unless we try.

The 4 day calendar looks like it would benefit the district in many ways.

Thank you for the opportunity to voice our opinion.

More family time. We have two maintenance employees that could leave anytime, a shorter work week may keep them working longer. Both are good employees with various skills that I do not want to lose. Thank you
Thursdays the new Friday.

Please- a teacher

Can we consider giving the STAAR test at a later time during the testing window?

I would strongly recommend that all sports games be on Friday. A few years ago, a trial run of a 4 day week was conducted for one month in the spring, and the games were moved to Thursday. I understand that the school has

I haven't heard any negative setbacks when I looked into how this worked out for other schools who have switched to a 4-day school week.

This will be my first year of teaching provided the district hires me and I feel like I would be able to become better adjusted with having Friday's at school!

I'm excited for a 4 day work week!

4 day calendar

I am in support of whatever we need to do. However, for the purpose of doctor visits, it would be better to do Mondays off instead of Fridays. I know none of my personal doctors are even open on Fridays. Again, I think this is

I have already completed my survey for a 4 week schedule, and did not comment because I had not thought about this until recently. Some of us teachers were discussing class size this week at the elementary and how we appreciate the small class sizes we are known for, but they have been increasing. This is not only due to transfers but other issues as well. This made us think about transfers and the 4 day week. We are probably going to get a lot
