Mr. Salinas,

I'm emailing to confirm that E3 is available to present a project status update to EPISD administrators and the Board of Trustees on Thursday, 11/29, at noon.

We will be bringing both handouts and a power point presentation to the meeting, so it would be great if we could use a projector to help present our information.

Our plan for the meeting is to give EPISD detailed information on the potential projects and estimated energy/water savings that we see at this point for your District. Based on this information, we'd like to get everyone's questions and feedback regarding the District's priorities for HVAC replacements and priorities for the overall project.

If you have any questions before the meeting, please do not hesitate to give me a call. I hope that you have a Happy Thanksgiving!

Vince
