Agenda Item No. _____

Date: 12/12/2005

Subject: Testing/Grant Coordinator

Submitted by: Roger D. McAdoo

Related Pages: _____

Supt's Approval: _____

ACTION

BACKGROUND INFORMATION:

The link between the increased emphasis on accountability testing, college entrance exams, advanced placement test, benchmarking and the expectation that we provide a quality testing environment is clear. Testing is one of the major components of the curriculum-instruction-test model. We feel we have been looking at our curriculum and instruction as part of our system approach to monitoring the learning of our students through classroom walk-throughs, book studies, etc. In addition, we feel we can do more to address the testing needs of our students, finding and implementing grants, etc., if we have the appropriate personnel.

ITEMS ADDRESSED:

Testing/Grant Coordinator. Testing currently is conducted through the counseling office taking valuable time away from students. This will free the counselors to work one on one with students, communicate with parents, and work with staff. Recently an important grant has opened to high school level. This will be an area where we would want to put efforts toward the application process and management of the grant.

RECOMMENDED ACTION:

Approve a testing/grant coordinator position for AC Jones High School.

BUDGETARY INFORMATION:

We have room in our personnel budget to cover the cost of a testing/grant coordinator.
