Subject: Proposed Budget Amendment for the General Fund for the Fiscal Year Ending August 31, 2025

Background Information:

- State Law requires the District to adopt a budget prior to the beginning of the fiscal year, which is September 1st of each year. As the need arises, budget amendments are proposed to increase or decrease the General Operating, Child Nutrition, and Debt Service budgets. The budget may be amended by action of the Board of Trustees as circumstances require throughout the year.
- Lewisville ISD has contracted student transportation services for more than 30 years. As the District transitions to managing its own student transportation program, there is a need to purchase the necessary equipment, supplies, and services to support this critical program.

Administrative Consideration:

- FY 2025 Budget Amendment Number 3 (General Fund) – Increase function 34, Transportation in the General Fund by \$1,120,000 for startup costs to include supplies, parts, technology equipment, bus inspections, uniforms and bus equipment. This amendment will be a reduction to fund balance.
