

Memo

To: Board of Trustees
From: Rob Sauer, Superintendent
Date: August 8, 2017
Re: Superintendent's Board Report

Presentations/Showcases for Upcoming School Board Meetings

- We will have each of the principals and federal programs/curriculum director highlight something great that is happening in their building or program during the course of the school year. This will be separate than a board report. I have asked them to share at a regular board meeting via a presentation, video, student presentations, etc., some of the exciting things that are happening on a daily basis in the Homedale School District. They will each do this at one board meeting during the school year. The presentations will be brief but will be a good way to share with the board and those in attendance.

Certified Positions

- All certified positions have been filled for the 2017-2018 school year.

Maintenance and Building Prep

- A big thank you goes out to the maintenance and custodial staff for all of their efforts to get the buildings and grounds ready for the school year. This is no small task. One area to highlight is the cleaning and painting of the classrooms in the Industrial Technology Building. The custodial staff took on a big task and did a great job of cleaning the rooms from top to bottom and painting as well.

Staff Back to School

- August 14th is the first contract day back for most staff members. We have an all staff welcome breakfast on Monday morning. Most of the rest of the time is focused on building level meetings and prep for the upcoming school year.
