

**Building Access
Control**

Audits of building access control shall include weekly inspections of instructional facilities during school hours to certify all exterior doors are, by default, set to closed, latched, and locked status and cannot be opened from the outside without a key.

The Superintendent shall ensure that the findings of the weekly inspections are:

1. Reported to the District safety and security committee; and
2. Reported to the campus principal or lead administrator of the instructional facility to ensure awareness of any deficiencies identified.

The campus principal or lead administrator shall assign appropriate staff to take action to reduce the likelihood of similar deficiencies in the future.

The results of the weekly reports shall be kept for review as part of the required safety and security audit.

The District's building access control procedures shall not be interpreted as discouraging parents or guardians who have been properly verified as authorized visitors from visiting their student's campus. [See GKC]

**Designation and Use
of Private Spaces**

The Board shall ensure that the Superintendent, or appropriate staff as determined by the Superintendent, designates private spaces in accordance with law.

The Superintendent shall develop administrative regulations to ensure compliance with law and policy regarding the use of private spaces in District facilities.
