North Bleacher Repair High School

Since I was only able to get one quote in time for this board meeting, I recommend that we accept the quote of \$17,261.14 from H2I Group to replace the 16 drive wheels and 6 motors on the bleachers on the north side of the high school gym.

Bleacher repair

During inspection it was found that 2 of the motor gear boxes have signs of failure, Due to the age of the motor/gearbox they are no longer available, as well as them changing the gear ratio so that the new and old will not mix, 6 complete units need replaced. I am bidding for the new style washing machine motor to be installed with 6 new hanger brackets to be bolted onto the existing frame where the old motors are.

The work can be done during the replacement of the wheels; in fact, it will be significantly cheaper doing them together.

6 new 3phase motor
6 hangers

\$8,594.59

Bleacher repair

The other set of bleachers are starting to hang up much like the set we repaired last year. Per the initial inspection Dusty found like the other set the 16 drive wheels are failing. This is a bid for the replacement of the 16 drive wheels. Like I mentioned to Mark, I will absolutely honor the cost we did the other side for.
