SECTION 2 - BOARD OF EDUCATION

2:30 School District Elections

School District elections are non-partisan, governed by the general election laws of the State, and include the election of Board of Education members, various public policy propositions, and advisory questions. Board members are elected at the consolidated election held in April in odd-numbered years. The canvass of votes is conducted by the election authority within 21 days after the election.^{C1}

The Board, by proper resolution, may cause to be placed on the ballot: (a) public policy referendum according to Article 28 of the Election Code, or (b) advisory questions of public policy according to Section 9-1.5 of the School Code.

The Board Secretary serves as the local election official. He or she receives petitions for the submission of a public question to referenda and forwards them to the proper election officer and otherwise provides information to the community concerning District elections.

5:185 Family and Medical Leave

Leave Description^{C1}

Eligible employees may use unpaid family and medical leave, guaranteed by the federal Family and Medical Leave Act, The U.S. Department of Labor's rules (federal rules) implementing FMLA, as they may be amended from time to time, control FMLA leave.

An eligible employee may take FMLA leave for up to a combined total of 12 weeks each 12-month period, which shall be defined as the 12-month period measured forward from the date any eligible employee's first leave under this policy begins.

During a single 12-month period, an eligible employee's FMLA leave entitlement may be extended to a total of 26 weeks of unpaid leave to care for a covered servicemember (defined herein in the federal rules) with a serious injury or illness. The "single 12-month period" is measured forward from the date the employee's first FMLA leave to care for the covered servicemember begins.

Other available paid vacation, personal, or family leave will be substituted for family and medical leave necessitated by birth, adoption/foster care placement, or a family member's serious health condition. Other available paid vacation, personal, or sick leave will be substituted for family and medical leave necessitated by a family member's or employee's own serious health condition. Any substitution required by this policy will count against the employee's family and medical leave entitlement. The District will pay family leave or sick leave only under circumstances permitted by the applicable leave plan. Use of family and medical leave shall not preclude the use of other applicable unpaid leave that will extend the employee's leave beyond 12 weeks, provided that the use of family and medical leave shall not serve to extend such other unpaid leave.

Family and medical leave is available in one or more of the following instances:

1. The birth and first-year care of a son or daughter,
2. The adoption or foster placement of a child,
3. The serious health condition of an employee's spouse, parent, or child, and
4. The employee's own serious health condition.

5. The existence of a qualifying exigency arising out of the fact that the employee's spouse, child, or parent is a military member on covered active duty or has been notified of an impending call or order to active duty, as provided in federal rules.
6. To care for the employee's spouse, child, parent, or next of kin who is a covered servicemember with a serious injury or illness, as provided by federal rules.

Employees may take an intermittent or reduced-hour family and medical leave when the reason for the leave is 3 or 4, above, with certain limitations provided by law.

Within 15 calendar days after the Superintendent makes a request, an employee must support a request for a family and medical leave when the reason for the leave is 3 or 4, above, with a certificate completed by the employee's or family member's health care provider. Failure to provide the certification may result in a denial of the leave request.

If both spouses are employed by the District, they may together take only 12-weeks for family and medical leaves when the reason for the leave is 1 or 2, above, or to care for a sick parent.

Eligibility

To be eligible for family and medical leave, an employee must have been employed by the District for at least 12 months (the 12 months need not be consecutive) and have been employed for at least 1,000 hours of service during the 12-month period immediately before the beginning of the leave. However, the District will not consider any period of previous employment that occurred more than seven years before the date of the most recent hiring, except when the service break is due to fulfillment of a covered service obligation under the employee's Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 U.S.C. 4301, *et seq.*, or when a written agreement exists concerning the District's intention to rehire the employee.

Notice

If possible, employees must provide at least 30 days' notice to the District of the date when a leave is to begin. If 30 days' notice is not practicable, the notice must be given within two business days of when the need becomes known to the employee. Employees shall provide at least verbal notice sufficient to make the District aware that he or she needs a family and medical leave, and the anticipated timing and duration of the leave. Failure to give the required notice may result in a delay in granting the requested leave until at least 30 days after the date the employee provides notice.

Continuation of Health Benefits

During a family and medical leave, employees are entitled to continuation of health benefits that would have been provided if they were working. The employee shall continue to pay required monthly premiums to the District.

Return to Work

An employee returning from a family and medical leave will be given an equivalent position to his or her position before the leave, subject to the District's reassignment policies and practices.

Classroom teachers may be required to wait to return to work until the next semester in certain situations as provided by law.

Implementing Procedures

The Superintendent shall develop procedures to implement this policy consistent with the federal Family and Medical Leave Act.

7:345 Use of Educational Technologies; Student Data Privacy and Security

Educational technologies used in the District shall further the objectives of the District's educational program, as set forth in Board policy 6:10, *Educational Philosophy and Objectives*, align with the curriculum criteria in policy 6:40, *Curriculum Development*, and/or support efficient District operations. The Superintendent shall ensure that the use of educational technologies in the District meets the above criteria.^{C1}

The District and/or vendors under its control may need to collect and maintain data that personally identifies students in order to use certain educational technologies for the benefit of student learning or District operations.

Federal and State law govern the protection of student data, including school student records and/or *covered information*. The sale, rental, lease, or trading of any school student records or covered information by the District is prohibited. Protecting such information is important for legal compliance, District operations, and maintaining the trust of District stakeholders, including parents, students and staff.

Definitions

Covered information means personally identifiable information (PII) or information linked to PII in any media or format that is not publicly available and is any of the following: (1) created by or provided to an operator by a student or the student's parent/guardian in the course of the student's or parent/guardian's use of the operator's site, service or application; (2) created by or provided to an operator by an employee or agent of the District; or (3) gathered by an operator through the operation of its site, service, or application.

Operators are entities (such as educational technology vendors) that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes.

Breach means the unauthorized acquisition of computerized data that compromises the security, confidentiality or integrity of covered information maintained by an operator or the District.

Operator Contracts

The Superintendent or designee designates which District employees are authorized to enter into written agreements with operators for those contracts that do not require separate Board approval. Contracts between the Board and operators shall be entered into in accordance with State law and Board policy 4:60, *Purchases and Contracts*, and shall include any specific provisions required by State law.

Security Standards

The Superintendent or designee shall ensure the District implements and maintains reasonable security procedures and practices that otherwise meet or exceed industry standards designed to protect covered information from unauthorized access, destruction, use, modification, or disclosure. In the event the District receives notice from an operator of a breach or has determined a breach has occurred, the Superintendent or designee shall also ensure that the District provides any breach notifications required by State law.
