Cohort #4

Delta College

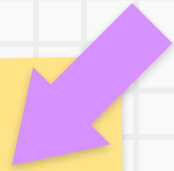

❑ **ABS 200W - Career Decision making - 1 credit college course**

Develops student ability to make career choices by focusing on the steps in the career decision making process (Self Awareness, Career Awareness, Decision Making, and Creating a Plan). Investigates personal values, skills, interests and abilities and explores a variety of careers using campus resources. Assists in matching personal characteristics with careers and creating a plan of action to accomplish short- and long-range career goals while working in a cooperative, respectful group atmosphere. Encourages writing, as a reflective practice, to enhance learning.
