

Garibaldi's Volunteer of the Month

Julie Paquette Kinstedt has donated countless hours to support our staff and students at GGS. Julie comes in monthly to volunteer in her daughter's classroom and is available to help out wherever she is needed. Julie also volunteered numerous hours for our last family night dedicated to social and emotional learning. As a representative from Adventist Health, she talked with families about sugary drinks, screen time, as well as healthy numbers for students and families to try and obtain. We have taken this idea and are getting ready to start a staff challenge with it for those who are interested. We really appreciate her efforts and ongoing support!

Thank you Julie!
