Dear Weber School District Awards Committee:

We would like to nominate Jaymee Barrowes for the I Love Teaching Award. Jaymee's personality is what draws her students to her classroom; she has a booming love for teaching students. Roy High has been able to offer new courses for students because of Jaymee's willingness to develop curriculum. She teaches interior design, childhood education, child development, and sports and outdoor design.

Jaymee is amazing at utilizing new technology in her classroom to improve how her students learn. Jaymee has a way of making sure all students are included in activities and creates a nurturing atmosphere where students feel comfortable and able to ask and get answers to their questions.

One of Jaymee's strongest expertise lies in her ability to connect with students. Jaymee is a great listener, a strong role model and encourages great things through her positive attitude. Jaymee's positivity helps not only her students but also her peers at Roy High and throughout the district.

Jaymee is willing to accept and carry out assignments and has great problem solving skills.

Jaymee is deserving of the I Love Teaching Award because she truly does love teaching!

Sincerely,

Roy High CTE Department  
Roy High Administration
