

DU PAGE ELEMENTARY SCHOOL DISTRICT 13
BOARD OF EDUCATION
Bloomington, Illinois

Regular Meeting January 27, 2025

FOR INFORMATION:

Subject: Superintendent's Report

Superintendent Goals Midterm Report

Attached is my report on progress toward the completion of my goals that I will present at the meeting.

School Fees

Ms. Varhalla will provide a quick update on the adjustments being suggested for school fees beginning at the start of the 2025-2026 school year.

Summer Projects

Tonight, Mr. Rosales will review some of the key summer projects identified to be addressed following the end of the current school year.

Student Enrollment Projections

One of the key data points used in the preparation of the annual staffing plan is the presentation of the projected enrollments for the upcoming school year. Ms. Varhalla utilized the cohort survival method to determine the projections based on the historical increases and decreases of the number of students in each grade level.
