Additionally, Keller ISD contracts with the Region XI ESC for PEIMS Data Quality Services. Purpose: TEA requires that each district submit PEIMS (Public Education Information Management System) data to TEA 4 times each year in accordance with the PEIMS Data Standards. ESC Region XI provides consultation services, training, telephone support, and finalizes our submission to TEA after review of the data.

Benefit: Interpretation of the PEIMS Data Standards and the Attendance Accounting Handbook is provided to our district personnel, keeping us in compliance with changes to the Education Code. Keeping up with the changes in the Data Standards and providing answers to specific issues enables Keller ISD to accurately report data to TEA. Training highlights the changes for the current year and informs of coming changes so data can be collected for reporting later.

The cost for this service is \$4,000.
