RE: 8th Grade Trip to Cedar Point

For a number of years we have planned a celebration trip for our 8th grade students. Upon your approval, this year we will be going back to Cedar Point in Sandusky, Ohio. The \$100 per person cost of this trip will be covered by the students who attend the trip. We anticipate taking approximately 100 - 150 students plus approximately 10 adult chaperones. We will be using B & W Charter Buses for the transportation to and from the park. The trip is planned for Monday, June 12, 2023. We plan to leave the middle school parking lot at 6:30 AM and will return at 10:30 PM on the same day.

For this trip, we will abide by all safety protocols put in place by Cedar Point as well as B & W. All safety protocols will be communicated to parents and students in advance of the trip and again with students leading up to and on the day of the trip.

I appreciate your consideration of this request.
