Fellow Trustees,

With the 2023 school year wrapped up and graduation ceremonies complete, we hope each of you has an opportunity to pause and reflect on another year of successful service to the students, families, and other stakeholders in each of your communities. Collectively, elected trustees contribute several hundred thousand hours of volunteer service each year. The common understanding of what it takes to serve at this level is a bond that unites us all.

MTSBA has been a constant source of support and advocacy for elected school boards that has served us well for close to 100 years, now more so than ever. As a case in point, Governor Gianforte just signed our \$40 million statewide school health trust bill, HB 332, into law. Our executive director drafted and led the advocacy for it. Representative Bedey, a former trustee from Hamilton, sponsored it. The funding in this bill alone exceeds the cumulative total of all membership dues paid to MTSBA by our members since our founding in 1926. This is just one example of the value of membership in MTSBA.

From constant access to timely expertise, publications, trainings, and other resources as we confront and overcome challenges each day to the extensive success MTSBA just achieved before the 2023 Legislature, MTSBA adds value to the service of every elected trustee in the state each day as we strive together to develop the full potential of each child in every public school in Montana.

As officers of this great organization elected by our fellow trustees, we are proud and grateful on behalf of MTSBA for the opportunity to help you in the amazing work you are doing for students, families, and communities. If you have not recently had an opportunity to refresh your knowledge regarding the extensive programs and services of MTSBA, [our membership value infographic](#) is only a click away with detailed information regarding the incredible value and benefits of membership in MTSBA. We encourage you to use this resource as a guide as you contemplate the value of your membership with MTSBA.

Many of our members have already renewed their membership for FY24, securing access to valuable resources to help them govern effectively and netting their districts thousands of dollars in savings exclusively available to MTSBA members. We look forward to your continued membership and we are excited as we draw closer to 100 years of service on behalf of elected school board trustees in Montana. We have recently sent your district clerk a dues invoice reminder. We welcome any questions you may have, and we look forward to serving you for many years to come.

Thank you for your continued membership in MTSBA and your commitment to each child in every public school in Montana!
