

# Terrell Independent School District

## Executive Summary Report

Date	District Objective	Agenda Item #
March 30, 2020	Goal 4: Become a district of choice in Kaufman County by improving student programs and services.	7.A.

### Agenda Item: Consider approval of Start and End Times for Campuses for 2020-2021

#### Summary:

Julie Fisher, Executive Director of Secondary Student Achievement, presented proposed changes to the start/end times of campus school days 2020-2021 for the Board's review February 18, 2020.

In order to maximize the efficiency of our transportation system, TISD needs to have at least 45 minutes between tiers of start and end times. Currently, TISD operates a two tier system with elementary at one start and end time, and secondary at a different time. GLA has a separate schedule. Spacing the start and end times with at least 45 minutes will allow the district to be efficient with resources.

2020-2021 Start Times and End Times for each TISD campus are submitted for your approval.
