Curriculum Adoption Proposal

**Presenter:**

Pam Miller

**SUGGESTED SCHOOL BOARD ACTION:**

Recommend approval.

**DESCRIPTION:**

Recommend adoption of the Keystone ELD instructional materials as presented at the April 8, 2013 workshop. After review of materials, we believe these resources to be a great fit to meet curriculum and instructional needs at the middle school level.

Once approved, the final cost analysis will be agreed upon with Pearson, the publishing company. Teacher training and curriculum writing will also be arranged for a successful implementation in the 2013-14 school year.
