Memo

To: Superintendent Jeff Stephens, Weber School District Board of Education
From: Dr. Rod Belnap, Career and Technical Education Director
Date: February 18, 2022
Re: VSpace VR Purchase

CTE is requesting the purchase of zSpace Learning Systems.

The zSpace learning station is a unique VR learning system allowing students to access virtual lessons and learning in many CTE areas including Manufacturing, Health Sciences, Automotive, Welding, Construction, and Agriculture among others. The system requires students to wear 3D Goggles and use a stylus to interact and engage the learner in high-tech learning activities. The monitors allow for an entire class to see the activities and a collaborative learning opportunity for students to work on laptops interactively as well. \$10,000 of this purchase is being paid for through our Federal Perkins Grant.

The total amount requested for purchase approval: \$59,431.99.

We would be happy to provide you with any further information or answer questions regarding this purchase. Thank you for your support and consideration regarding these items. The CTE Department has reserved funds for this purchase.

Professionally,

Dr. Rod Belnap, CTE Director
