

TRANSPORTATION BOARD REPORT FOR

FEBRUARY 2026

SUBMITTED BY: WAYNE BULLCALF (Ella)

Hello all this is the February Board Report for the Transportation Department,

Shop has been busy with some work orders, there was 30 vehicles and about 25-30 for the buses. They either did oil changes, work on tires, change the wiper blades and just get the buses and vehicles ready for winter weather. They are getting the buses ready for traveling to the different sporting events.

The office has been working on bills, learning the new time clock and helping the others with it too. Getting used to putting the trips in the time clock. We just turned in our 1<sup>st</sup> semester reimbursement.

The discipline department has been dealing with 35 write ups resulting in 5 of them being removed from the bus. We did have our little robotics bus Buster went out last month and it did help our write ups went down. But we would like to see those numbers to continue to go down. So If want to set up with buster give the ladies a call.

Trips this month have been a little slower than the past months, we have 37 this month. With spring on the way, we should be busy again soon.

This is our report, God Bless
