Community Use of School Facilities

School facilities are available to the community organizations during non-school hours for education, civic, cultural, and other non-commercial uses consistent with the public interest when such use does not: (1) interfere with the school function or affect the safety of students or employees, or (2) affect the property or liability of the School District. The use of school facilities for school purposes has precedence over all other uses. The District reserves the right to cancel previously scheduled use of facilities by community organizations and other groups. **The use of school facilities requires prior approval of the Superintendent or designee and is subject to applicable procedures.** Persons on school premises must abide by the District's conduct rules at all times.

The Superintendent shall develop administrative procedures to manage community use of school facilities. Use of school facilities requires the Superintendent or Superintendent's designees' approval and is subject to the administrative procedures.
