

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: July 19, 2021

AGENDA ITEM: Aledo ISD Community Based Accountability

PRESENTER: Dr. Susan K. Bohn, Superintendent

BACKGROUND INFORMATION:

The Board of Trustees and administration are discussing a comprehensive system of accountability that reflects local community expectations for the performance of the district. The purpose of this community based accountability report is to share with the Aledo ISD community, in a centralized location, information about the performance of the district in various measures that include a broad array of operational functions and performance expectations. The Board and administration believe that a community based accountability report better reflects the performance of the district in its service to our students, staff, community members, and taxpayers beyond state standardized test scores.

During this meeting, the Board of Trustees and administration will discuss the community based accountability report to the community with an expectation that the administration will recommend a system/report to the Board for approval at the Board's regular meeting on August 16, 2021.
