

Superintendent Report July, 2025

Graduation

Once again our graduation ceremony was an amazing experience as we ushered approximately 140 Bulldog graduates into the “real world.” The salutatorian and valedictorians presented wonderful speeches and, once again, we had several students earn enough credits at Southwestern Oregon Community College to earn their Associate of Arts degree. Good luck to the graduating class of 2025.

School's Out for Summer

I had the opportunity to go to North Bay Elementary on the last day of school and participate in their “wave off” as the kids left for summer vacation. It was such a fun time to say goodbye to the kids. The last day of school was a good day in all of the schools. That evening the staff were invited to the last staff social of the year at The Back Alley where we gave out prizes and played school trivia. A fun time seemed to be had by all.

Peru

On June 16th, a large group of NBHS students flew out of Portland to head to Peru as a culmination of two years of planning, preparation and fund raising. Raphael Concha led the team on the trip of a lifetime and they returned to North Bend on Thursday the 26th. Thank you to Mr. Concha for making this trip possible for our kids.

COSA Seaside Conference

Six administrators went to the Coalition of Oregon School Administrators (COSA) Seaside Conference on June 16th and 17th. We had the opportunity to attend a variety of sessions and learn new content that will help us prepare for the 2025-2026 school year. It was also a time to relax and refocus.
